

## BEGGAR FOR YEARS UNKNOWN TO FAMILY

Death of Mrs. Getel Feinberg Reveals Fact Woman Was Miser for Nearly Quarter of Century.

A beggar for twenty years, unknown to her family, Mrs. Getel Feinberg died suddenly a month ago at the age of seventy-five in the home of a daughter at No. 229 Broome street. She had never indicated by word or action that she was above the position of a pauper, but since her burial \$107 in currency has been found sewn in one of her old dresses, hundreds of dollars' worth of jewelry and costly clothing discovered in various hiding places and an account of \$2,000 in a savings bank.

How much more in money and other things of value remain to be discovered no one has any idea, but it is the belief of the attorney for her heirs, A. S. Jaffer, that large sums will be found on deposit in different banks.

Mrs. Feinberg had made her home for years with her son Moses in East Twelfth street, and out of his small store he would occasionally give him the small sum of money.

When Mrs. Feinberg dropped dead from heart disease in the home of her daughter, Mrs. Miller, people recalled that they had often seen the old woman in S. Jarmoulsky's bank at No. 54 Canal street, but there was no record of any deposit there. Then the \$107 was found hidden in the old dress and Attorney Jaffer was employed.

It was the custom of the old woman to go away from the house early every day, no matter what the weather. When asked where she was going, she would answer evasively that she was going to see a friend or take a walk.

Often Mrs. Feinberg would not return until night, but her daughter and son were so used to her strange habits that they felt no alarm over her long absences.

## CAUGHT ALL THE GIRLS BUT TWO

Thirty Escaped from Jersey State Home While Management Was Being Changed by the Board of Trustees.

TRENTON, N. J., April 6.—Twenty of the thirty inmates who escaped from the State Home for Girls here, incidental to the resignation of the superintendent by Mrs. Myrtle Eyer, are back in the institution to-day; eight are in the hands of the police and will be returned before night and two are still at large. It was a bold dash for liberty that the young women made, and it is a wonder that the majority did not get away.

The troublesome spirit that had ruled in the management of the home for months communicated itself by degrees to the inmates and it is believed to-day that the wholesale attempt at escape was the result of a plan to take advantage of the new superintendent who would succeed Mrs. Eyer and the assistant, her minister husband.

From time to time it was reported that the new board of trustees appointed by Gov. Murphy to oust Mrs. Eyer would meet, and then it is recalled that a most uneasy demeanor would be displayed by the girls. Yesterday evening the Board did finally meet and the moment for the dash had come.

The girls were in the yard at exercise when some one among them gave a signal and there was a most undignified scramble over the fences surrounding the institution. The new trustees were in the midst of the work of installing a new management, and they

heard the news of the escape with alarm and trepidation. Posses of attendants, teachers and farm hands were organized and sent in pursuit.

The thirty girls cut across fields to the Philadelphia and Reading road and ran toward Trenton Junction. At the end of two miles twenty of them gave up, but the other ten had not found the race too hard and scattered to the adjoining woods. Eight of them were caught near here by the police, who had been telephoned for assistance, but the remaining two eluded detectives and are still at large.

## WHAT TEA DOES TO RHEUMATICS.

When you next take tea, think of this: Tea contains 175 grains of Uric Acid in every pound.

Meat contains only five to seven grains.

Rheumatism is Uric Acid in the blood. Uric Acid accumulates from food when the digestive apparatus cannot create enough Alkaline elements (like soda) to neutralize it.

This Acid collects Urea, or worn-out waste matter, from the system.

That Urea enters the blood when Alkaline action has not previously dissolved it.

By and by the waste matter reaches the joints and muscles through circulation of the blood.

There it gradually deposits in solid particles, like granulated sugar.

These solid particles grind between the joints and muscles at every movement. This grinding causes irritation and pain.

These in turn may develop inflammation and swelling. That inflammation betrays Nature to help herself.

She proceeds to coat the hard Uric particles over with cushions of pulpy mucus, like the first healing strata of an outer sore.

This pulpy covering grows to the bones as well as to the particles deposited. There it hardens like plaster or sealing wax. Then we have "heavy joints," almost inflexible, and usually fixed in a banded position from the pain and inflammation.

That is Rheumatism at its worst. It is bad enough before it gets that far.

There is but one sure way of curing Rheumatism. The first step is to neutralize the Uric Acid already in the system. Next, to dissolve and carry away the hard deposits that grind between the joints. Then set the digestive apparatus into such healthy condition that it will, unaided, produce less Uric Acid and more Alkaline.

This is what Doctors generally have failed to do.

It is what I studied a lifetime to accomplish, and achieved only after many failures and thousands of experiments.

At last I found in Germany a solvent which was not only effective but absolutely safe to use.

Few agents powerful enough to be effective in rheumatism are safe.

My discovery, now called "Dr. Shoop's Rheumatic Cure," acts directly, but internally, upon Uric Acid in the joints and muscles.

It dissolves and carries off the painful deposits, producing an immediate Alkaline condition of the blood, and neutralizing the Acid in it which would have fed the Rheumatism and extended the disease.

It won't restore bony joints to flexibility, and it can't undo in a week the damage caused by years of Rheumatic condition.

But it will benefit every case, and it will entirely cure most cases of Rheumatism.

So sure am I of this that I will supply Dr. Shoop's Rheumatic Cure to any sick one who writes me for it, on a month's trial, at my risk.

If it succeeds, the cost to him is only \$5.00 for the six-bottle treatment.

If it fails, I bear the whole cost myself. And he alone shall pay.

Surely you will not continue to suffer when you can thus get well at my risk. I have written an important Treatise on Rheumatism, wear a well-fitted relief and cure.

It is free to Rheumatic people.

Write me a postal note for it to-day.

Address: Dr. Shoop, Box 565, Racine, Wis. P. O. Simple case of Rheumatism cured by Dr. Shoop's Rheumatic Cure. (Druggists, \$1.00.)

But all druggists do not supply it on a month's trial. You must write to me for that. C. I. S.
